We need three radios allocated from the spares to provide to Mobile Hygiene Unit staff. Please let me know who has spare radios. If possible, pull radios with mics on them.

Can we figure out which radios are missing based on their 5 digit serials? Everyone in this email has comment access and can make comments on the "Radios"

	Radios	Spares	Battery Spares	Chargers
Cazador	6	4	15	
Washington	30	5	16	1

Good morning,

I was recently informed that there are a batch of 12 radios missing from the Washington Yard. Please review the spreadsheet and overview attached. Washington should have 35 radios on hand and was last reported to only have 23. Please be advised that these radios are on loan to us from the LAPD and need to be found, and it is vitally important that we have spares on hand for contingency purposes. 5 of the 35 were allocated to be spares.

 **LAPD Radio Inventory**

Please conduct a thorough check-in for radios when it is convenient and report on the number missing.

Thank you,
